Make the Right Choice for Your Dental Health

Choose United Concordia Dental

It's more important than ever to keep up with your preventive dental care and take care of dental issues before they become major problems. In fact, research suggests there is a link between poor oral health and certain medical conditions, such as heart disease, respiratory disease and diabetes.

Affordable Dental Care

With the United Concordia dental plan, you can visit any dentist and have coverage for preventive services such as exams and cleanings and basic services such as fillings and simple extractions.

However, you can reduce your out-of-pocket costs if you visit an Alliance network dentist, and even receive discounts on non-covered services if you visit an amended Alliance dentist.

How? Our network dentists save you money by accepting our allowances for covered services. And, most of our network dentists have even agreed to accept our allowances for non-covered services as well—we call these our “amended” dentists.

Optional Vision Coverage

You can also add a vision plan from Davis Vision, an affiliate of United Concordia, to your dental plan. This vision plan covers an eye exam and either glasses (frame and lenses) or contact lenses.

1. Reference your contract for a complete description of benefits covered by your plan. If a discrepancy exists between the example above and the contract, the contract will take precedence.

2. Dependent child age limit: 26 years.

3. The average 31% discount is based on United Concordia charge data. Actual discounts will vary depending upon the procedure performed and the geographic location in which it is performed. United Concordia recommends that you ask your dentist for an itemized cost of the procedure(s) before you decide to proceed with treatment, because payment for these services is your responsibility.

Benefits of a Network Dentist

With this dental plan, you can visit any dentist and receive coverage for Class I and II services. However, not only can you save money by visiting an Alliance dentist, you can receive discounts on non-covered services, such as Class III and orthodontics, if you visit an **amended** dentist!

How Does the Network Work?

Common Services	If you visit an Advantage <i>Plus</i> network dentist	If you visit an amended Alliance dentist	If you do not visit an Alliance network dentist
Cleaning	Covered at 100%		Covered at 100%, but you pay the difference between MAC and dentist's charge
Exam			
Filling	Covered at 70%		Covered at 70%, but you pay the difference between MAC and dentist's charge
Crown	Not covered and no discount	Not covered, but you receive a discount	Not covered and no discount

Large Dental Network

There are more than 101,000 Alliance dentists across the country, so chances are there is one just minutes from your door!

Please call 1-866-851-7576 to find out if your current dentist is an **amended** Alliance dentist or to find one near you. Or, you can:

- Visit our website, UnitedConcordia.com
- Click on **Find a Dentist**
- Select the Alliance network
- Look for dentists with a green **\$ave!** box next to their names — these are our amended dentists

If you have questions on the network or the plan, please call your designated Customer Service line at 1-866-851-7576 from 8 a.m. to 6 p.m. ET.
